

To Principal Ivorine Castellás,

SUBJECT: FORMAL APPLICATION FOR PERMISSION TO LAUNCH A ONE-TERM PILOT OF THE INDEPENDENT STUDENT VOICE COUNCIL (ISVC)

We, the undersigned students of St. Xavier's Sr. Sec. School, Chandigarh, respectfully submit this application to request your formal authorization to launch a one-term pilot of the Independent Student Voice Council (ISVC).

While our current school captains and prefects handle discipline management and event coordination, our campus lacks a dedicated channel to systematically gather student feedback and convert it into well-researched proposals for leadership. The ISVC is proposed as a structured, proactive body that works in close coordination with existing student leadership and reports directly to your office.

A PHASED, PILOT-FIRST APPROACH

Recognizing that a new body of this kind is easiest to evaluate when trialled first, we propose launching the ISVC as a one-term pilot with a smaller founding team (President, Vice President, and four priority-area leads) before any expansion. At the end of the pilot term, we will present you with a short report of what was gathered, what was proposed, and what came of it. Only with your review and approval would the council expand to its full ten-seat structure, as outlined on the following page.

PURPOSE AND CORE FUNCTIONS

- **Daily Feedback Collection:** We will set up physical suggestion boxes across campus to gather written concerns, checking and logging them every day.
- **Rotation-Based Weekly Surveys:** Each week, council members will survey two designated classes, systematically rotating through grades to track student sentiment and facility/academic needs.
- **Actionable Proposals:** Rather than bringing unfiltered complaints, our council will convert incoming student issues into clear, well-researched proposal letters for your review.
- **Direct Administrative Dialogue:** Council leadership will meet directly with you once a month to submit synthesized findings and seek your direction on student initiatives.

COORDINATION WITH EXISTING STUDENT LEADERSHIP

The ISVC is designed to complement, not duplicate, the work of our school captains and prefects. We will consult with them before the pilot begins to clarify scope and avoid overlap, and we welcome a captain or prefect representative joining our sessions during the pilot term so that student leadership stays aligned.

INFORMAL FACULTY MENTORSHIP

The council will seek regular guidance from a single designated Faculty Mentor on administrative procedures and school protocol. The ISVC will operate in coordination with the Principal's office and existing student leadership at all times, while remaining primarily accountable to the Principal for the initiatives it proposes.

We humbly request your formal written permission to launch the Independent Student Voice Council as a one-term pilot, as outlined in this document.

ISVC ADMINISTRATIVE STRUCTURE & PORTFOLIO ROLES

To ensure maturity and accountability, membership is restricted to 11th and 12th-grade students. The structure below reflects the council's full form; during the one-term pilot, only the President, Vice President, and four priority-area leads (marked below) would be active.

1. ELECTORAL FRAMEWORK

- **Pilot Term (Term 1, Year 1):** Founding student initiators serve in an interim capacity to establish and test the council's processes.
- **President & Vice President:** Continue in an interim capacity through the pilot; elected by full student vote (11th & 12th) from Year 2 onward, pending pilot approval.
- **Council Members (10 Seats):** Appointed by founding leadership via application once the pilot is approved and the council expands; democratically elected by the student body from Year 2 onward.

2. PORTFOLIO BREAKDOWN (10 SPECIALIZED SEATS)

- **Academic Affairs Lead (Pilot):** Focuses on curriculum pacing, exam schedules, study resources, and library access.
- **Infrastructure & Facilities Coordinator (Pilot):** Monitors classroom amenities, washroom hygiene, water coolers, and desk conditions.
- **Campus Environment & Sustainability Lead:** Focuses on overall cleanliness, green spaces, waste disposal, and maintaining a hygienic campus.
- **Sports & Athletics Liaison:** Advocates for equipment quality, ground maintenance, fair sports access, and practice schedules.
- **Co-Curricular & Clubs Delegate:** Ensures non-academic clubs (debate, drama, music, robotics, science) receive adequate space and resources.
- **Student Well-being & Guidance Representative (Pilot):** Identifies issues related to student stress, exam workload balance, and peer inclusivity.
- **Technology & Digital Resources Lead:** Focuses on computer lab availability, classroom AV equipment, and digital submission systems.
- **Data & Survey Analyst (Pilot):** Designs rotation-based weekly surveys, tallies suggestion box input, and converts feedback into clear metrics.
- **Communications & Student Outreach Officer:** Manages physical suggestion box logging and keeps the student body updated on council progress.
- **Administrative & Documentation Secretary:** Manages official records, drafts structured proposal letters, and ensures all petitions align strictly with school regulations.

3. OPERATIONAL CADENCE

- **Daily Box Check:** Suggestion box cleared and logged every day.
- **Weekly Surveys:** Rotation-based surveys distributed across two target classes weekly.
- **Bi-Weekly Council Sessions:** Internal meetings held twice a month after school or during designated periods to draft proposals and review submissions.
- **Monthly Principal Briefing:** A 30-minute monthly meeting between council leadership and the Principal.

STUDENT ENDORSEMENT PETITION

By signing below, the undersigned students of St. Xavier's Sr. Sec. School, Chandigarh express full support for launching the Independent Student Voice Council (ISVC) as a one-term pilot — a student-centered body working in coordination with existing student leadership and reporting directly to the Principal.
